1st Steps 2 Lucy

The news screen displays a news article from NASA titled 'Lucy Mission News from NASA'. It includes a NASA logo and the headline 'NASA's Lucy Mission Prepares for Launch to Trojan Asteroids'. The text states that NASA has tested the functions of Lucy, the agency's first spacecraft to study Jupiter's Trojan asteroids, filled it with fuel, and is preparing to pack it into a capsule for launch Saturday, Oct. 16. A 'Read...' button is present. Below this is another news item: 'Investigating Asteroids With Lucy's Scientific Instruments', featuring a NASA logo and a brief description of the mission's instruments. A 'Read...' button is also here. At the bottom, a 'See more' button is visible.

The history screen features a large image of a close-up view of an asteroid with a satellite in the background. Below it is a section titled 'History' with the sub-section 'Lucy: The First Mission to the Trojan Asteroids'. The text provides a detailed overview of the Lucy mission, mentioning its Discovery class status, principal investigator Harold "Hal" Levison, and the mission's objectives to address key science questions about the solar system. It details the mission's management by NASA's Goddard Space Flight Center, engineering by Lockheed Martin, and scientific instruments provided by the Johns Hopkins Applied Physics Laboratory and Arizona State University. The text concludes with information about the Planetary Missions Program Office at NASA's Marshall Space Flight Center. A 'See more' button is located at the bottom.

The profile screen shows a purple header with the text '1st steps 2 Lucy' and 'Profile'. Below this is a user profile for 'Annie Anderson' with a photo of a woman with curly hair. The profile includes the email 'annie.a@mail.com'. At the bottom, there are two buttons: 'Video Explanation' (camera icon) and 'Lucy Soundscape' (music note icon).
